SUMMARY

Motivated UX design student looking to utilize my design skills and technical knowledge to enhance user's interaction with products with a focus on user enjoyment, design, and function. Excellent problem-solving skills and the ability to work well in a team.

EXPERIENCE

Student / Savannah College of Art And Design - 08/2018 - Current

StartUp - SCAD – 2020

- Students compete in week-long design sprint. We are challenged to create a concept based on a specific theme. Each team presents their final deliverables in the form of a pitch to a panel of industry leading professionals that serve as mock investors.

Hardcode Foam Core - SCAD – 2019

- Designed and built an exoskeleton with articulated wings with foam-core in 2 weeks. Worked on a team of seven students.

Fluxathon - SCAD – 2019

- Designed and created an application to help users with fears of traveling. Focused on providing contacts for travel companions, crime level maps, and detailed information on locations.

Volunteer Activities – 2013 - Present

- 2018 - Present: SCAD Lacrosse Team Manager
- 2017 - 2018: Puget Sound Goat Rescue
